RE: Safeguarding Reminder

Dear Parent / Carer

We have been made aware by our local Education Safeguarding Advisory Service of an incident that took place locally.

'Yesterday afternoon at end of school day a white van was seen near to Wycombe High School. It was noted that this van, which had one or more males in, pulled up and beckoned some students over (students from both Wycombe High and John Hampden School) and asked them if they needed a lift. None of the students knew the people in the van and declined the offer. The police were informed of this'.

Whilst there may not be any cause for concern attached to this, you may wish to remind your son/daughter about keeping themselves safe and not putting themselves at risk.

Yours sincerely

Mr S Jones
Deputy Headteacher and Designated Safeguarding Lead
