

## WORKING FOR THE GOVERNMENT

There's a lot to be said for working for the Government: great benefits, varied opportunities, free further and higher education and travel to name a few.

Did you know there's a branch of the Foreign Office based in Hanslope, Milton Keynes? Did you know they regularly advertise Apprenticeships? Do you know that they fast-track good applicants?

If two or more of the following apply to you, working for the Government is worth considering:

Are you good at:

- Languages
- English
- IT
- DT
- Communication

Do you like the idea of:

- Travel
- A good salary
- No tuition fees
- Good prospects

If so, check out these links:
