1. At The Cottesloe School we work hard to eliminate direct and indirect discrimination, harassment and victimisation; advance equality of opportunity; and foster good relations between all those within our school community. We do this with regard to the nine protected characteristics listed in the Equality Act 2010. These characteristics are:

- age
- disability
- gender reassignment
- marriage and civil partnership
- pregnancy and maternity
- race
- religion or belief
- sex
- sexual orientation

**A glossary which defines these terms and additional terms related to equality, diversity and inclusion can be found in Annex 1.**

Our duties under the Equality Act also reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities and the Human Rights Act 1998.

The Education and Inspections Act 2006 requires us to promote community cohesion and we work towards a society in which there is a common vision and sense of belonging by all communities; a society in which the diversity of people's backgrounds and circumstances is appreciated and valued; a society in which similar life opportunities are available to all; and a society in which strong and positive relationships exist.

Our commitment to equality, diversity and inclusion is reflected in our school policies and procedures, especially those related to (but not limited to):

- accessibility
- behaviour
- anti-bullying
- uniform
- recruitment
- Relationships and Sex Education
- Special Educational Needs
- home-school agreements

### **Our school ethos and values**

**Please see Annex 2.**

### **Our school profile**

**Please see Annex 3.**

### **Fulfilling our public sector equality duty**

#### **How we eliminate discrimination, harassment and victimisation:**

We do not tolerate direct or indirect discrimination, harassment or victimisation of anyone within our school community, and we are opposed to all forms of prejudice.

- The school has robust procedures for dealing with prejudice-related incidents and all staff receive training on these. All incidents are recorded, and this data is shared with the governing board and

analysed so that any trends can be identified, and action plans put in place. Further information on these procedures can be found in the Behaviour for Learning Policy and Anti-Bullying Policy available on the school website <https://www.cottesloe.bucks.sch.uk/about/policies>.

- The Grievance Policy and Anti-Harassment Policy outline the procedures for reporting and responding to incidents of discrimination, harassment and victimisation experienced by staff (available to school on the shared drive).
- The Complaints and Resolutions Policy outlines the procedures for reporting and responding to incidents of discrimination, harassment and victimisation experienced by parents and carers and the wider school community available on the school website <https://www.cottesloe.bucks.sch.uk/about/policies>.

### **How we advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it:**

Treating people equally does not mean treating them all the same. We recognise that people have different needs, different experiences, different outlooks and face different barriers to achieving positive outcomes.

- We collect and monitor data broken down by different protected characteristics in order to identify inequalities and disparities within our student population in terms of:
  - Progress and attainment
  - Admissions
  - Attendance
  - Rewards, sanctions and exclusions

and within our staff population in terms of:

- Recruitment, retention, training and promotion
- Capability, disciplinary and complaints

We employ appropriate interventions where necessary in order to address disparities. Please see our current Equalities Objectives and Action Plan for further details.

- We consult widely with a range of groups and individuals to ensure that those who are affected by a policy or activity are consulted in the design of new policies, and in the review of existing ones.
- We assess all of our policies and procedures to ensure that no individuals or groups are disadvantaged and to identify opportunities for positive action.
- We make reasonable adjustments to ensure that the school environment and its activities are as accessible and as welcoming as possible to all, in some cases treating disabled people more favourably than non-disabled people where necessary. Please see our Accessibility Plan available on the school website <https://www.cottesloe.bucks.sch.uk/about/policies> for further information.
- We ensure that students' work is differentiated appropriately, and that the curriculum is accessible to all students.
- We respect the religious beliefs and practice of staff and students and comply with reasonable requests relating to religious observance and practice.
- We take all reasonable steps to ensure the wellbeing and inclusion of transgender staff and students, including those who transition during their time at the school.

### **How we foster good relations between persons who share a relevant protected characteristic and persons who do not share it:**

- We ensure that our curriculum offers opportunities to learn about people with a diverse range of identities.

- We teach our students to recognise and challenge stereotypes and prejudice and to value difference.
- We ensure that our resources challenge stereotypes and reflect the diversity of society.
- We take positive action to ensure that people with a range of different identities engage with our school community for example guest speakers, arts groups, school governors, parent/carers helpers etc.
- Our behaviour policy includes a requirement to respect other people and their different identities.
- We take steps to ensure diversity in our student council, governing board and staff team.
- We celebrate diversity at every opportunity and hold regular assemblies and events celebrating diversity throughout the year.

### **Equality Objectives and Action Plan**

In order to fulfil its Public Sector Equality Duty the school collects equality information on pupils and staff. Using this information, the school analyses the following in terms of protected characteristics:

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>● Student admissions</li> <li>● Student attendance</li> <li>● Student performance/achievement</li> <li>● Student sanctions</li> <li>● Student rewards</li> </ul> | <ul style="list-style-type: none"> <li>● Staff recruitment, retention and promotion</li> <li>● Staff disciplinary and capability proceedings</li> <li>● Records of prejudice-related incidents</li> <li>● Complaints by parents and carers</li> </ul> |
|---|---|

The school also conducts surveys with staff, students and parents and carers to identify areas that they feel the school is doing well and areas for improvement. This information is used to identify any discrepancies between people from different groups and to identify equality objectives.

Our equality objectives may also take into account national and local priorities and issues as appropriate. They are devised in consultation with school governors and are integrated into the school improvement plan. We keep the objectives under review and report annually on our progress towards achieving them.

**Our current Equality Objectives and Action Plan is attached as Annex 4.**

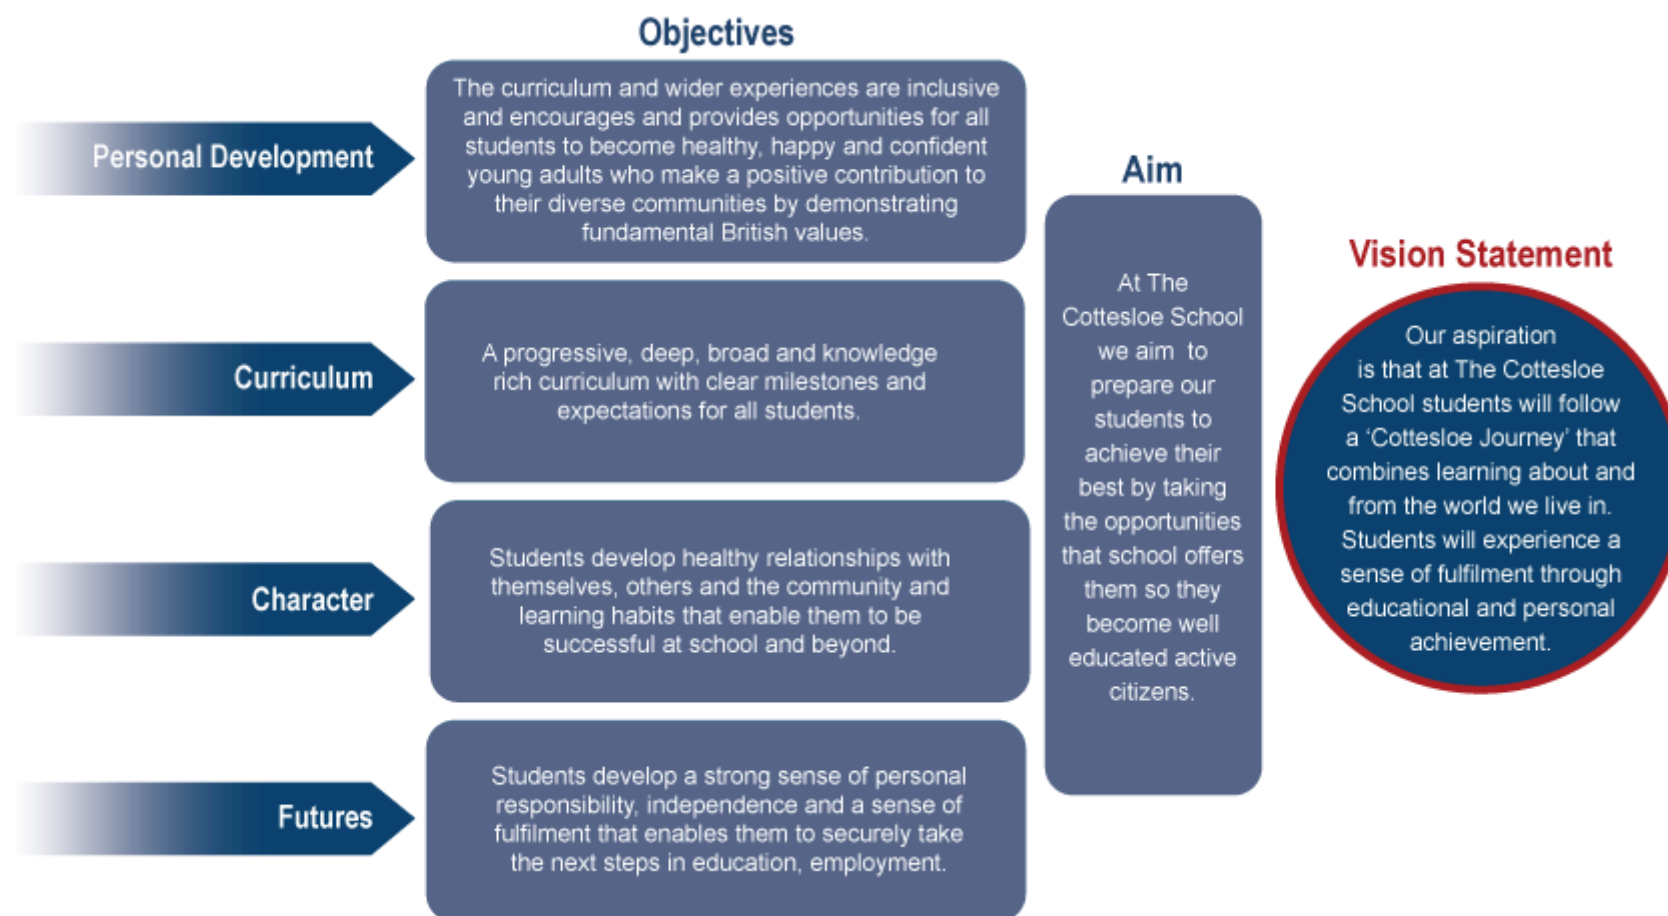

### **Equality Impact Assessments**

All school policies are regularly assessed for their impact on different groups of people with shared protected characteristics. This ensures that our policies, practices and decision-making processes are fair and do not discriminate against any particular groups. It also enables us to consider ways to proactively advance equality.

The Cottesloe School is a non-selective rural school located in the village of Wing, Buckinghamshire, and close to the Bedfordshire, Hertfordshire and Milton Keynes borders. Nearly all the students have been unsuccessful in the 11+ examination but nevertheless, Year 7 attainment on entry, as measured by Key Stage 2 data, is generally above the national average.

As a somewhat isolated rural school our catchment is wide and we have well over 30 feeder schools. Our catchment area embraces a wide range of socio-economic groups but, whilst there are pockets of deprivation, it is, predominantly, a middle-class intake.

Mobility is quite low from 11-16 but a small number do move to grammar schools at the end of Year 7 and, in similar fashion, a few students moved across the border to Bedfordshire (where a middle school system operates) at the end of Year 8. At the end of Year 11 the trend has been for an increasing percentage to choose to stay on in the Sixth Form, although there is strong competition from the Sixth Forms at grammar school and from local colleges. An increasing number of our Sixth Formers are taking up university places.
